

COTTON MARKET
STANDS UP WELLCrash Will Not Follow Failure
of Sully.

ONE SMALL FIRM GOES DOWN

NO SERIOUS CONSEQUENCES EX-
PECTED.

New York, March 19.—Daniel J. Sully, Paul P. B. Morse, Edwin Hadley, Jr., and William P. Fagan, carrying on business under the name of Daniel J. Sully & Co., dealers in cotton, coffee and grain, today assigned for the benefit of creditors to Joseph H. Hoadley. An injunction was issued today by Justice O'Grady of the supreme court to restrain the Corn Exchange bank from paying certain margin certificates amounting to \$20,000 delivered on March 15 to the order of D. J. Sully & Co. The order was obtained by S. Munn, Son & Co., and the firm of D. J. Sully & Co. were notified of its issuance.

MARKET WAS STEADY.

Cotton Holding Up Well Since Sully's
Failure.

New York, March 19.—Following the failure of the Cotton firm of Daniel J. Sully & Co., announced on the cotton exchange yesterday, there was little to indicate at the New York cotton exchange today any of the sensational developments anticipated last night. The market opened irregular from 5 points lower to 25 points higher. The brokers about the pit were somewhat apprehensive, but were reassured by cable from Liverpool and the announcement that the Sully firm expected to resume in four days.

Other failures were expected to follow the crash of the Sully house, but only one, J. H. Garrison, was announced before noon. This, while a small firm, affected the market, and attracted a volume of selling in May by room brokers. Garrison is in Florida, and no statement of his affairs will be given until pending his return. Shortly after the call, a better feeling became apparent and it was evident that important trade interests were taking their utmost to encourage the trade and uphold prices.

Injunction Served.

Upon his arrival at his office, Mr. Sully conferred with his attorney and received notice of an injunction restraining the corn exchange from paying out any money. A little later the firm's assignment was made, naming Joseph H. Hoadley as assignee. Mr. Hoadley immediately took charge of the affairs of the Sully firm. No dividend statement is obtainable from Sully or any member of the firm, but the following letter was sent by D. Sully & Co. to Robert McDougall, president of the New York cotton exchange:

"While I am not prepared to make a statement of my affairs, I feel that as a member of the cotton exchange, I am bound to do so. I am not prepared to make a statement of my affairs, I feel that as a member of the cotton exchange, I am bound to do so. I am not prepared to make a statement of my affairs, I feel that as a member of the cotton exchange, I am bound to do so."

MURDEROUS ASSAULT.

Brutal Outrages Committed by Strike
Sympathizers.

Kansas City, March 19.—Albert Ferguson, a non-union hack driver, was shot and mortally wounded today by one of four men, probably strikers, who had deposed him into the outskirts of the city. The quartet escaped. Ferguson answered a call from a downtown hotel, where the four men, one dressed as a woman, entered the carriage. When they alighted later they attacked and finally shot Ferguson. In another part of the city Andrew Meyers, a non-union hack driver, was badly beaten by strikers, and at still another point a hack driven by a strike-breaker was demolished by union men. No arrests were made.

NAME DAY OF PIUS.

Rome, March 19.—Today being St.
Joseph's day, Pope Pius' name day, the pope received congratulatory ad-
dresses and telegrams from all parts
of Italy and from abroad. The mem-
bers of the St. Peter's club, which in-
cludes the whole of Roman clerical
society, as is their custom, presented
the pontiff with a magnificent basket
of the most carefully selected fruits
and flowers. The basket represented a
Venetian gondola.

SHED TEARS ON LEAVING.

St. Louis, March 19.—Following the
recent abandonment by Russia of her
plans for participation in the World's
fair, Alfred Gutbar, an architect of
St. Petersburg whom the Russian gov-
ernment sent here to supervise the
construction of the Russian pavilion,
departed for St. Petersburg today. He
was the last of the Russian exposition
officials to leave St. Louis. Mr. Gut-
bar called on President Francis to say
farewell. There were tears in his eyes
as he shook hands.

REFINING PLANT BURNED.

Elizabethport, N. J., March 19.—The
plant of the Bayway Refining company
in this city was destroyed by a fire
which started early today. The flames
spread to the plant of the Pennsylv-
ania & Delaware Oil company and
were burned out. About 200 employ-
ees of the Pennsylvania & Delaware
company were destroyed. Loss, \$100,000.

CREW WAS DOOMED.

Portsmouth, March 19.—The British
submarine boat No. 1, which was run
down by the steamer Berwick Castle
yesterday afternoon, still lies under 100
feet of water. All the necessary ap-
paratus for raising the boat are on
the spot, but as the boat is in a bad
position, the naval authorities have
little hopes of raising her. From the
first there was no hope that any mem-
bers of the crew could be saved.

SHOT BY BURGLARS.

Peru, Ind., March 19.—Cashier Atkin-
son, of the Miami bank at Atchison,
was shot in the head by burglars and
seriously wounded. The burglars had
blown out the front wall of the build-
ing, when Charles Warren and Atkin-
son attacked them and caused them to
flee. The robbers failed to obtain any
of the \$40,000 in the bank's vaults.

CRITICIZED THE BOER WAR

PROPOSED JAPANESE TOBACCO
MONOPOLY.

Tokio, March 19.—The British minister refuses to endorse the application of Hales to accompany the Japanese minister to the Japanese tobacco monopoly. Hales, who is a correspondent of the Daily News, has been excluded from the Japanese army, giving as his reason that Hales' reports from the Transvaal during the Boer war were slanders of the British army. The Japanese government requires that all correspondents should have the endorsement of the resident minister of the countries they represent. Hales will therefore be excluded from all connection with all army movements.

BEAUTIFUL PIECE OF WORK.

Tiling in the Security Trust Building.
The Salt Lake Hardware company is
placing 1,000 feet of tiling in the offices
of McGurrian & Co., Investment Bank-
ers, in their new Security Trust build-
ing, Main street. With the tiling in the
remainder of the fine building, this is
somewhat of an order for a local firm
handling and installing the tile. The
work will be some of the best in the state.
Everything in the new building is to be
modern and up-to-date, and it is nice
to know that local firms are making the
improvements.

by the creation of the Japanese tobacco monopoly will the Novos Vremya be-
lieves, sharpen American-Japanese re-
lations. It considers the tobacco mo-
nopoly absolutely necessary for Japan
in the present condition of her finances,
but says the compensation claimed by
the Americans would more than eat up
the income from the monopoly in the
first year, thus creating for Japan a
situation "the full meaning of which
it is probable is quite appreciated at
Washington."

SEEKS GERMAN AID.

Russian Property at New Chung
Needs Protection.Yin Kow, March 19.—The German
consul at Tien Tsin will arrive at New
Chung today to report to the German
Russian officials have approached Ger-
many with the object of engaging Ger-
man protection of Russian property at
New Chung, particularly the Russo-
Chinese bank, and that this is the ob-
ject of the consul's visit. It is thought
unlikely that Germany will undertake
the task, which it is reported France
recently declined.
It is now seen probable that the
changes effected in the customs tariff
will be an increased duty on kerosene
and spirits. No discrimination will be
made against Russian kerosene because
part of the tariff is in the hands of
British merchants.

Sugar and Silk Tax.

It is anticipated that there will be a
serious contention in the diet over the
taxes on sugar and silk, and dealers in
the former commodity are strongly agi-
tating for a reduction in the rate,
which it is thought the government will
propose.
Parliamentary committees are meeting daily,
discussing these tax proposals, and the
belief is expressed that the government
will be forced to modify several fea-
tures of their plans and that it will
fail to realize the total amount origi-
nally estimated.If the tobacco monopoly is enacted it
